

# The Beiseker Times

Vol. 4, No. 16

EDMONTON, ALBERTA, FRIDAY, APRIL 18, 1952

## MR. H. PARRY ELECTED AS REEVE AT THREE HILLS

Council of the Municipal District of Kneehill No. 48 met at Three Hills on April 3 and 4, 1952, and transacted the following business:

### Beiseker Red Cross Drive A Success

BEISEKER—Mr. Arthur Berreth, Red Cross canvasser east of Beiseker, wishes to thank all those he canvassed for their generous donation in cash and wheat pledges which helped to make the drive a success.

Cash Donations	
Donor	Amount
Henry Helm	\$ 2.00
Oswald Ternes	2.00
Albert Hixt	3.00
Florian Meyer	10.00
Norman Schmaltz	3.00
Mike Ternes	2.00
Carl E. Schmaltz	10.00
Mike Berreth	5.00
Ivan Berreth	2.00
Mrs. C. L. Balderson	2.00
Leo Berreth	2.00
Hugo Wendland	5.00
James Rau	1.00
Ike Ternes	5.00
Clarence Schmaltz	3.00
A Friend	3.00
Frank Lyczewski	4.00
E. Balderson	2.00
John Meyer	20.00
A. Rau	2.00
G. L. Rau	5.00

## CLEANING PLANT ORGANIZED

ROSEBUD — A meeting of farmers of the Carbon, Rockyford, Redland, Standard, and Rosebud districts was held at the community hall in Rosebud April 9, to organize a seed cleaning plant.

Mr. H. Hymes was elected temporary chairman, and Mr. K. Munroe temporary secretary. Mr. Kent Walker, District Agriculturist, explained the help which is offered by the Dept. of Agriculture, and was very helpful in explaining the operation of the five large seed cleaning plants which are operating in the Edmonton district.

The meeting elected the following Municipal Councillors: Mr. John Ohlhauser of the Carbon district, Kneehill M.D.; Mr. J. Jorgenson and Mr. R. Kenny of the Serviceberry M.D.; Mr. K. Walker, District Agriculturist, as

Elected Mr. H. Parry as reeve, and Mr. M. Schmaltz as deputy reeve.

Accepted requisitions for 1952 submitted by the various school and hospital areas within the Municipal District.

Appointed Mr. J. W. Olson to the board of the Drumheller Municipal Hospital District No. 3.

Authorized National Geophysical Co. to carry out seismic survey work in the northern part of the Municipal District.

Authorized a grant of \$2,000, subject to the approval of the Minister of Municipal Affairs, to the proposed seed cleaning plant at Rosebud, Alberta.

Authorized payment of \$136.00 holiday bonus to H. J. Gimbels, road foreman, Carbon, Alta.

Engaged W. S. Backman as field supervisor, salary \$2,800 per year.

Authorized adjustments in assessments of lands adjacent to Highways No. 9 and No. 21, to provide for land taken for widening of highway.

Engaged H. J. Gimbels of Carbon and William Howell of Elnora as road foremen wages \$300.00 per month.

Engaged the following employees: For North Camp: Verne Eogner, John Campbell, Robert Deans, Dennis Howell, A. M. Petersen, Albert Mottern and Norman Willis.

For South Camp: R. E. Bent, Gordon Bramley, Sydney Bramley, Gus Gieck, Clarence Grose, Gordon Hunt, John Miller.

For Patrol Men: J. A. Christensen at Trochu; D. W. Adams at Trochu; Paul Elvin at Three Hills; John Esau at Carbon; A. E. Holt at Acme.

Set wages for tractor men and patrol men at \$1.25 per hour; gradersmen at \$1.20 per hour; cooks at \$225.00 per month.

A special meeting of council will be held later in April to pass the 1952 budget, and authorize rates of taxation for 1952.

### Sen. Stambaugh Drumheller Speaker

DRUMHELLER—Senator J. W. Stambaugh was the guest speaker at a Drumheller Liberal Association meeting on Wednesday evening. President Mike Robbins and Secretary L. G. Caswell arranged the meeting at the Corner Cafe.

member of the Dept. of Agriculture, to the board of directors.

The following farmers were also elected to the board of directors: Mr. Vern Dresser and Adam Buyer of the Carbon district; Mr. H. Kitterhagen for the Rockyford district; Mr. S. Rasmussen for Standard district; Mr. Howard Hymas for the Rosebud district.

The cost of the plant was estimated at \$27,000 by the Edmonton contractor who built the Edmonton plant. The Dept. of Agriculture will give \$9,000; Kneehill M.D. \$2,000; Serviceberry M.D. \$6,000; farmers \$10,000.

The shares were valued at \$25 per quarter section of cultivated acreage.

All present handed in their share values.

## THANK YOU!

Your news editor would like to say thank you to all the local editors and reporters who sent in their news copy for the early publication of the paper. Your co-operation in this matter has been greatly appreciated.—Ed.

## BEISEKER NEWS BRIEFS

Florence and Jimmie Hagel were holiday visitors at the home of their parents, Mr. and Mrs. E. B. Hagel.

James Seizler has moved back to Beiseker after spending some time in Saskatchewan working with an oil company.

Mr. Nick Schwartzberger was a visitor at the home of his mother, Mrs. E. N. Hagel.

Mr. and Mrs. Henry Oel were visitors in Beiseker and Acme on Sunday.

Mr. Adam and Matt German were holiday visitors at the home of Mrs. German.

George and Grace Schmaltz were visitors at the home of their mother, Mrs. Frances Schmaltz.

Mr. and Mrs. William Plante are spending a three week holiday at the homes of their parents, Mr. and Mrs. F. Plante and Mr. and Mrs. O. Ternes.

Miss Bernice and Joyce Verhaest were holiday visitors at the home of their parents, Mr. and Mrs. Joe Verhaest.

Misses Margaret and Marie and Mr. Emanuel Hagel were visitors for the week-end at the home of Mr. and Mrs. Felix Hagel.

Mr. and Mrs. Doug Brown and children were holiday visitors at the home of Mr. and Mrs. Pete Schmaltz.

Mr. and Mrs. Nick Schmaltz of Vulcan were Beiseker visitors for the holiday week-end.

Mr. and Mrs. Peter Ternes and daughter Glenna were visitors at the home of Mr. and Mrs. Oswald Ternes.

Miss Jay Schmaltz is spending the Easter holidays in Seapa with Mr. and Mrs. Vernon Schmaltz.

Mr. and Mrs. Mike Schmaltz and family spent the week-end in Beiseker visiting relatives and friends.

Mr. and Mrs. John Smith and family of Trochu spent Sunday at the home of Mr. and Mrs. Jack Lee.

Mr. Jack Bettin is spending the Easter holidays with his aunt and uncle, Mr. and Mrs. Frank Schmaltz.

Mr. F. Plante is home and feeling quite well again after several weeks in hospital.

Mrs. Pete Schmaltz is home again and feeling much better following her recent operation.

Mrs. W. Schwartzberger has also returned home from hospital and is recuperating after her recent operation.

Mr. and Mrs. A. A. Wald spent Easter Sunday at the home of her son and daughter-in-law, Mr. and Mrs. Max Wald in Calgary.

Mr. and Mrs. Carl L. Schmaltz and family spent Sunday in Rockyford at the home of Mr. and Mrs. Emmett Feisen.

Miss Frances Plante was a week-end visitor at the home of her parents, Mr. and Mrs. Frank Plante.

Miss Polly Schmaltz was a Beiseker visitor for the holiday.

Miss Helen Hagel spent the week-end with her parents, Mr. and Mrs. Ed Hagel.

Miss Viola Meldinger is spending

PICTURED HERE are members of the Canadian Union College Band who will appear in Beiseker Memorial Hall, April 19. The band will play in 10 centres while on tour.

## Canadian Union College Band To Play In Beiseker Memorial Hall

BEISEKER — The band from Canadian Union College, Lacombe, will appear in concert in Beiseker Memorial Hall, Saturday evening, April 19 at 8:00 o'clock. The director of the band is Frederic Bacon-Shone of London, England.

Included in the Beiseker concert

program will be such musical selections as "The Stars and Stripes Forever," by Sousa; "On the Mall," by Goldman; "The Teddy Bear's Picnic," by Battton and a novelty number, "Jack and the Beanstalk."

The program will close with a selection by the band's director called "Major Jeffery." The clarinet, trumpet and trombone sections of the band will be featured.

Vocal selections will be given by William N. Hawnes, voice instructor at Canadian Union College and also a girls' trio.

The program will be in charge of Mr. P. G. Miller, formerly of the Beiseker district and now the chairman of the High School Division at Canadian Union College.

Last year the Canadian Union College Band toured 3,000 miles in Alberta, British Columbia and Washington, playing to appreciative audiences from Calgary to Vancouver Island. The Beiseker concert is a part of this year's tour which will cover close to 2,000 miles and include concerts in 10 centres.

The band is taken from the High School and College at Canadian Union College, a 16 grade school of over 300 students.

Mr. Bacon-Shone is a graduate of London, England, and has also studied at Columbia University, New York. While in England he worked with the principals of leading English orchestras and took master classes under such conductors as Sir Malcolm Sargent. At the present time Mr. Bacon-Shone is in charge of the Music Department at Canadian Union College.

The Easter holidays at home with her parents, Mr. and Mrs. F. Meldinger.

Mr. Ronnie Seizler spent several days in Beiseker at the home of Mr. and Mrs. Pete Schmaltz.

Mr. and Mrs. Den Boer, Rockyford, were week-end visitors at the home of Mr. and Mrs. Mike Ternes.

Mr. Angelin Sander was a week-end visitor at the home of his parents, Mr. and Mrs. A. Sander.

Mr. Stanley and Leonard Schmaltz were visitors for the week-end at the home of their parents, Mr. and Mrs. J. H. Schmaltz.

Mr. Mathew Schmaltz attended a two-day Agricultural Service Board conference in Edmonton last week.

## 35 New Members Join United Church

ROCKYFORD — The names of thirty-five new members were added to the rolls of the Rockyford-Rosebud-Carberry charge, United Church of Canada, April 6th, when special membership and communion services were held. Thirty of the members joined on profession of faith, the other five by letters from Scotland, Denmark, Ontario and Saskatchewan. Twenty-six of the new members joined the Carbon United Church of the charge.

The minister, Rev. M. Galbraith, took for his theme, "Looking for Religious Experience."

Special Good Friday services were held on the charge. The Rockyford choir provided special music for the Easter Sunday service at Rosebud.

## Obituary

### MRS. THERESA TSCHITTER

LEVELAND — Mrs. Theresa Tschitter (Zihman) died April 10, 1952, at her son's home, Martin Tschitter of Nightengale. Mrs. Tschitter was born the 28th of April, 1866, in Russia. She came to Canada in 1910, and lived with her family in Calgary. In 1916 they moved to the farm, and in 1933 her husband preceded her in death. In 1938 she made her home with her son, Martin, of Nightengale and Jacob of Castor; three daughters, Mrs. Henry Mix of Castor, Mrs. Pete Yunker of Scotfield, and Mrs. John Grove of Castor; 42 grandchildren and 29 great-grandchildren.

The funeral took place at the Seventh-Day Adventist Church near Beiseker on Monday, April 14, at 2 p.m., with Pastor Bock officiating. Burial took place at the S.D.A. cemetery, with Jacques Funeral Home in charge.

## Improvements Made At Meat Market

ROCKYFORD — Frank Hughes has been making improvements at the Rockyford Meat Market. New insulation has been put in for the cold storage lockers. As a result there is more room and about 100 more lockers will be installed as they are needed.

## EDITORIALS

### Hog Prices

The federal government has established a floor price for hogs at public stockyards, the figure being \$23.75 cwt. at Calgary and Edmonton.

These floor prices are to apply only to hogs delivered to public stockyards. If hog producers wish to sell through any other medium it is their own responsibility and there is no guarantee from the government that they will receive the floor price.

Because of administrative difficulties and other reasons the government thought it best to establish the floor price only on the basis of certain public stockyards rather than attempt to enforce the floor price at every point or plant at which hogs might be marketed or sold throughout Canada.

### Mice and Men

It appears that mice have gotten the jump on men in the age-old fight to conquer outer space. An Air Force scientist recently revealed that one of its rockets, which was catapulted eighty miles into space, contained live monkeys and mice.

The surprising feature of the trip was that the monkeys and mice were ejected from the rocket at a high altitude and descended to the earth in parachutes. A tragic feature of this experiment was the fact that of five monkeys, equipped with parachutes, only one survived the descent, because four of the parachutes failed to open.

On the more scientific side, scientists discovered that both monkeys and mice could survive the ride eighty miles into outer space and the trip back to the earth, without any apparent ill effects. The monkeys were equipped with instruments for measuring pulse, breathing, heart action and blood pressure and this information was radioed back to the earth as the rocket ascended.

The chamber where the mice were confined was equipped with a device in which they were free to run and jump, while at the same time their antics were automatically photographed. Scientists have still not sent their rockets with living animals aboard into outer space. Outer space begins about 120 miles above the earth, but between 12 and 120 miles above the earth there exists a "border zone." This "border zone" of space must be thoroughly conquered before man dares venture into the outer space beyond.

The recent Air Force test indicates that man might be able to ascend seventy or eighty miles above the earth without ill effects if proper precautions are taken.

### Dick Tracy Wrist Radio?

A new device known as a transistor, which is about the size and shape of a kernel of corn has been developed, which may make possible a number of electrical wonders about as fantastic as Dick Tracy's wrist radio.

This tiny device is capable of doing almost the same thing a radio vacuum tube can do and, in addition, has the advantage of a longer life and requires much less electrical power. Some people are speculating in the possibility of having, in the near future, pocket radios that play as well as ordinary table models and radio transmitters as small as a telephone.

### Note and Comment

Kind words and sincere sympathy seldom take the place of bread to eat.

If you never advertise, some people will never hear of you, or what you have to offer.

The spectacle of a nation praying is more awe-inspiring than the explosion of an atomic bomb. The force of prayer is greater than any possible combination of man-made or man-controlled powers because prayer is man's greatest means of tapping the infinite resources of God.—J. Edgar Hoover.

## Chinook Wheat

It is expected that a new kind of wheat known as Chinook will replace Rescue as a sawfly resistant variety. A fair supply will be available in 1953. It is recommended for the drier areas of Alberta.

In milling and baking qualities Chinook is equal to Marquis and superior to Rescue. It is not quite as resistant to sawflies as is Rescue. The Cereal Breeding Laboratory at Lethbridge is distributing Chinook wheat. A list of applicants is being kept on file in anticipation of seed distribution in 1953.

## Danger Ahead

From the Tweed, (Ont.) News

Canadians in every walk of life, the farmer in particular, have reason to be fearful of the outcome of forthcoming wage contract negotiations between United Steelworkers Union and the three major basic steel industries in Canada.

If the steelworkers should win substantial wage increases, the result would inevitably be a boost in the cost of everything with a steel content, and that leaves few articles out in a range from a tin of canned food, to motor car, to a farm implement.

That would be serious enough. But, the daily newspapers have reported, the steelworkers apparently would not be satisfied with a mere pay increase. They seek, in their new contract, wage parity with similar jobs in the giant industry in the United States.

Here may be the worst threat to the Canadian economy in recent years.

The United States steel industry produces for a market that is at least 10 times the size of the comparable market in Canada. And the U.S. industry's market is within compact freighting distance. Both these factors mean that production costs, say per ingot ton of steel, are considerably lower than for an ingot ton of steel, Canadian-made.

The income a person has depends on the market for his goods or services. The Canadian market must grow a great deal before we can all be as rich as the Joneses in the U.S.A.

## Everyday Living

### WHY CARRY THIS EXTRA LOAD?

1. The Police: A criminal who does not smoke would be a curiosity.
2. The Judge: Juvenile delinquency is largely the result of cigarette smoking.
3. The Physician: The tobacco heart fails to resist disease. Cigarette smoking causes the heart to beat five times per minute more than it should, or 300 times extra in an hour.
4. The Surgeon: A cigarette smoker? He doubtless will not survive the operation.
5. The Insurance Man: Smoking applicants not desirable subjects. An easy prey to disease and death.
6. The Athletic Coach: Hopelessly outclassed, he will fail in baseball, football, or basketball.

### A LIFE-SHORTENING HABIT

Six insurance companies of Canada have found use of tobacco increases death rate, hence have placed smoking with dangerous occupations. Their findings are: Mortality among non-smokers 59 per 1,000; among smokers 93 per 1,000. Dartmouth College records show smoking students died at average age of 49 years, 9 months; non-smokers at age of 59 years, 4 months.

### A NEW ARITHMETIC

I am not much of a mathematician said the cigarette, but—  
I can "Add" nervous troubles to a boy or girl.  
I can "Subtract" from their physical energy.  
I can "Multiply" their aches and pains.  
I can "Divide" their mental powers.  
I can "take interest" from their work.  
and "Discount" their chances for success.

### YOUTH DELINQUENCY

is today the nation's most serious social problem. The cigarette and its influence is largely responsible. This habit, self-inflicted, is nothing less than a public-fostered social cancer, and the main ally of the iniquitous liquor traffic.

### USE YOUR HEAD—THINK IT OVER!

"... let us lay aside every weight, and let us run with patience the race that is set before us."—Heb. 12-1. Read the chapter.

## The Bible Today:

Think not that I am come to destroy the law, or the prophets: I am not come to destroy, but to fulfill. — St. Matthew V: 17.

## How to Protect Your Home from Burglars

 <p>1. Exterior windows as well as doors must be locked when house is vacant.</p>	 <p>2. Don't put note in mailbox telling where front door key is hidden.</p>
 <p>3. You can add security to your exterior doors by installing nightlatches.</p>	 <p>4. Salesmen lacking proper credentials should be reported to Police.</p>
 <p>5. Leave lights on when out for evenings; shades up when on vacation.</p>	 <p>6. While on vacation, stop milk and newspaper deliveries or they'll advertise burglars house is vacant.</p>

## Farm Income Taxation

(From the Calgary Albertan)

Farm income taxation is threatening to become a major issue at the next session of Parliament. It does not follow that income taxes in Alberta and Saskatchewan are less than in Ontario and Quebec.

Alberta has about 13 percent of the farmers of Canada and in 1949 produced about 17 percent of the net farm income of Canada, yet its farmers paid 40 percent of the total income tax collected from farmers across the country. Quebec farm families are much larger than those in Alberta and have much larger exemptions.

Saskatchewan has about 19 percent of the farms, produced 23 percent of the farm income, and paid 37 percent of the farm income taxes collected. And another factor is the nature of farm operations in Alberta and Saskatchewan. Most of the units are large and grain yields have been fairly good.

If prairie farmers pay much heavier income taxes it should follow that they have much bigger incomes. That should be cause for satisfaction on the prairies, not for complaint. But there is a strong feeling in the minds of some M.P.'s that income taxes aren't being collected as vigorously among Ontario and Quebec farmers as among those on the Prairies.

Ontario has 24 percent of the farms, produced 27 percent of the net farm income, and paid 11 percent of the farm income taxes. And Quebec, with 21 percent of the farms and 15 percent of the net farm income, paid less than a third of one percent of the farm income taxes.

Yet there were more tax investigators at work on farm income among those on the Prairies.

## Voice of the People

### BOUQUET FOR POULSON

I have read with interest the many letters sent in by Tom Poulson of Rochfort Bridge. Is Mr. Poulson a doctor, a lawyer, a prophet or just a farmer?

A man with such intellect, in my opinion, is wasting his time at Rochfort Bridge. We need men with his brains in our government.

Mr. Poulson's writing makes sense. More men with ideas like his in this world would right a lot of wrong.

M. R. Hutchings. Gibbons

### FAVORS ONE GOOD ROAD

I agree 100 per cent with your article in the Onway Westerner in favor of a better Rich Valley Road. We need it. Last spring we had to take our little girl, who was very sick, to hospital in Edmonton. It took us 2½ hours to travel the 12 miles to the highway. That was with the help of a tractor! So, as you say, it is high time we got at least one good road to the nearest highway.

We like your paper very much. MRS. M. CAPPELLE.

### QUEEN JOB

Now that you've quit playing up Queen Elizabeth in your paper, let me say all this talk about her being "most high and mighty leige lady" is pure bunk and baloney. She will rule us with no more power than her uncle, King Edward VIII. What happened to him when he wanted to marry the woman he loved? Why, they kicked him out! Eurer? Pfooff! Mrs. E. L. L.

### GOOD LOOKIN' GUYS

We just received a letter from an Edmonton girl wailing that there aren't any handsome young men around Alberta any more. Cheer up, girls; there are still lots of good looking fellers. Most of them have enlisted in the Canadian Army, and some of the best will be going back to Canada when we finish our stint here. Infantry. Hanover, Germany.

## THE LIGHTER SIDE

### Word Picture

Student in Art Class: "That, sir,  
is a cow grazing."

Puzzled Art Teacher: "Indeed?  
Where is the grass?"

Student: "The cow has eaten  
it."

Art teacher: "But where is the  
cow?"

Student: "You don't think she'd  
be silly enough to stay there  
after she'd eaten all the grass,  
do you?"

### Important

An elderly lady, after long trips  
through impressive hallways and  
an hour of waiting, was permitted  
to see a high-up assistant in the  
Agriculture Department.

"But I want to see the Secretary  
of Agriculture himself," she pro-  
tested.

"He's not in just now, madam,"  
said the official. "Can't you tell me  
what it is you want to see him  
about?"

"Well, I have a geranium that  
isn't doing so well."

### New Laugh

If a rubber shortage develops,  
a lot of motorists will be in tire  
straits.

### Second Thoughts

A man had a slight difference of  
opinion with his wife. But he ac-  
knowledged his error generously  
by saying: "You are right and I  
am wrong, as you generally are."  
Then he hurried off to catch his  
train.

"So nice of him to put it like  
that," his wife said to herself—  
and then she began to think about  
it.

### Isn't Saying Who

At an amateur show one bud-  
ding star imitated a well-known  
actor who was to appear on the  
same bill. Afterwards the amateur  
tackled the professional.

"Would you mind telling me  
what you thought of my abilities  
as shown by my impersonation of  
you?" he asked.

"Well," said the other cheerfully,  
"one of us is awful."

### Couldn't Care Less

Cogswell had taken up the saxo-  
phone and had become very un-  
popular, in the apartment house.  
He was riding down in the eleva-  
tor one morning and met another  
tenant. "Tell me honestly," he  
said to the neighbor, "does my  
practicing make you nervous?"

"Well, it used to, when I first  
heard the other tenants complain-  
ing about it," the neighbor re-  
plied, "but now I don't care what  
happens to you."

## Seed Treatment A "Must" For West's Farmers

Seed treatment is recognized a  
matter of major importance to  
farmers. Treatment with mer-  
curic dusts has become an estab-  
lished practice. No one claims  
that all varieties of smuts can be  
successfully treated by them or  
by any other chemical. For  
example, the loose smuts of bar-  
ley and wheat are not get-at-able  
with any sort of chemical, with  
possible exception of a new treat-  
ment being developed at the Uni-  
versity of Alberta at Edmonton  
which seems to be giving encour-  
aging results. Apart from this  
the accepted treatment is the hot  
water method.

All the other smuts may be con-  
trolled by mercurial dusts. Oat  
smut is the most difficult.

What has been proved by trial  
is of interest. In Leytosa trials  
last summer on experimental  
plots at Birtle, Manitoba, untreated  
oats produced an average of  
one smutty head in each 5½.

Oats treated with mercurial  
dust produced an average of one  
smutty head in each 214.

The dividends which come from  
this form of treatment may also  
be demonstrated from an article  
by C. J. Holten of the United  
States Department of Agriculture  
on "The Story of Smut and What  
To Do About It." Taking Mr.  
Holten's figures and applying  
them in exact ratio to western  
Canada, on the basis of 25 bushels  
per acre yield, the results are:

With only 5 per cent smut-  
yield, reduced 1½ bushels  
at \$1.50 a bushel ..... \$1.87  
Discount on smutty wheat  
grades down to No. 5, 15  
cents on 24½ bushels.... 3.56

..... \$5.43  
Less cost of smut control  
treatment per acre ..... .05

Net loss per acre from smut \$5.38  
Or a loss on 10 acres of \$53.80

## \$1 for BRIGHT SAYINGS

The Editor will pay \$1.00 for each  
child's saying printed. To qualify, items  
must be true, personal remarks of a  
child known to the writer. Address  
"Bright Sayings", P.O. Box 4888, South  
Edmonton.

We enjoy reading your paper  
very much, particularly "Bright  
Sayings" and "Embarrassing Mo-  
ments." Keep up the good work!

MRS. WM. P. DUNN.  
New Sarpeta.

"Bobby," I said sternly to my  
nephew, 5, "did you share the three  
peppermint sticks equally with  
your brother?" "Yes, Auntie," he  
replied, "but I didn't know how  
to share three sticks, so I ate one  
first."  
M.E.L.

## Schools Of Agriculture Summer Courses

Attractive and interesting pro-  
grams are being planned for the  
summer courses at the Schools of  
Agriculture and Home Economics,  
and the dates of some of these  
courses have already been set.

A Club Leaders' Conference will  
be held on July 3 and 4 at the  
School of Agriculture at Olds, and  
during the same week an Alumni  
Short Course will be held at the  
School of Agriculture, Vermilion.  
During the week of July 7 courses  
will be held at all three Schools  
of Agriculture. The Women's In-  
stitute Girls' Club Annual Con-  
vention will be held at Olds, and Ju-  
nior Club Week will be held at Ver-  
milion. The School of Agriculture  
at Fairview will hold a Farm Wo-  
men's Week during the week of  
July 7.

During the week of July 14, Ju-  
nior Club Week will be held at the  
School of Agriculture at Olds, and  
a Farm Women's Week will be held  
at the School of Agriculture, Ver-  
milion. Farm Women's Week for  
women in Southern Alberta will be  
held at the Olds School of Agricul-  
ture during the week of July 21.  
The Vermilion Fair Camp will be  
held during the week of July 21  
at Vermilion, and a Junior Club  
Week will be conducted at Fair-  
view.

When cork was scarce, fisher-  
men on the Great Lakes used to  
use the thick outer bark of the  
base of old balsam poplars as  
floats for their nets.

## "Abdication Of Rights" Charged To Alberta Minister Of Education

Last week the Alberta Legislature devoted a great deal of time to discussing the School Act. Over 450 sections of the act are up for review. In his remarks, A. J. E. Liesemer, CCF of Calgary, contended that much of the power of local school boards is being slowly delegated to municipal councils, whose members are not primarily concerned with the problems of education.

Mr. Liesemer said a section of the act provides that municipal councils may appeal to the board of public utilities commissioners in cases where the council feels the school board's annual requisition for funds is excessive.

"We are placing the schools under control of persons not exclusively concerned with that field," the CCF member declared. "The education minister is abdicating part of his rights. I believe that education is of sufficient importance it should stand on its own feet."

Mr. Liesemer opposed a provision that the minister of municipal affairs may appeal to the board of public utilities commissioners in cases involving school problems of improvement districts or special areas. He believed the education minister should take the lead in solution of school problems.

### Centralization Not Possible

SEDGEWICK — Killam school superintendent J. W. Chalmers reports that demands for further centralization of instruction in the division have recently been made by meetings of ratepayers in the Quarrel and Bateman districts, both north of Daysland.

The superintendent and trustee, Wm. Campbell, Daysland, attended both meetings to explain that present divisional finances make further centralization at this time out of the question, as no provision has been made in the school budget for pupil transportation and building costs that such a step would require. Present indications are, however, for the moving of another schoolhouse to Quarrel in order to provide a second classroom for this school.

Ratepayers also requested help from school authorities in order to obtain an additional two miles of graded road. Ratepayers at Bateman school passed a motion calling for a general meeting of electors in the Daysland area to urge centralization at Daysland beginning in 1953. Such a meeting will probably be held early in June.

### LEVEL LAND NEWS BRIEFS

Guests at a turkey dinner at Henry Reifsnnyder Jr.'s on Saturday, April 12, were: Mr. and Mrs. Henry Reifsnnyder, Sr., Mr. and Mrs. Ted Bechthold, Mr. and Mrs. John Leiske, and Wanetta Krenzler.

Miss Wanetta Krenzler of Calgary spent the Easter week end at the home of Mr. and Mrs. John Leiske.

#### Social Grade

Stranger—What is the standing of the Snedmore family in this town?

Native—Well, I should say they is sort of betwix and between. They ain't exactly nobody and yet they hain't really anybody.

### More Than 50 Contracts Signed

SEDGEWICK — Negotiations that have been in progress for over a year with the Calgary Power Company for provision of rural electrification both north and south of Sedgewick are now reaching their final stages. Over

fifty contracts with the power company have been signed, each calling for payments of \$1280, and it is expected ultimately over a hundred farmers will join the local rural electrification project. Work on the installation of power lines is expected to be started in the near future. Areas affected include those north of

Sedgewick and Lougheed, and south of Sedgewick to the Merna district. From Merna south to Alliance present plans call for rural electrification in co-operation with the Canadian Utilities plant at Drumheller.

Highest mountain peak in Canada is Mount Logan.

### Import Permits Halted

OTTAWA — Permits for the importation of cattle, other ruminants, and swine from England and Scotland will not be issued until further notice.

This additional barricade to keep the virus of foot and mouth disease out of Canada was announced today by the federal Department of Agriculture from the office of the Veterinary Director General, Dr. Thomas Childs.

There has been no cases of foot and mouth disease reported since March 8, and by March 13, all infected animals and contacts had been destroyed.

## KILLAM ACTIVITIES IN BRIEF

Mrs. R. Shoup celebrated her 82nd birthday on Monday, April 7.

Mr. and Mrs. Charlie Bennett have returned from California, where they spent the winter.

Mr. and Mrs. Ross White enjoyed a visit from Mrs. White's parents and sister from Vulcan and Stettler.

Mr. and Mrs. Robert Love were down from Edmonton on Thursday.

Mr. and Mrs. Roy Erickson motored here from Redwater and took back Mr. and Mrs. Eric Erickson to spend the Easter week-end with them.

Frank Wilson made a trip to Westlock to bring back Mr. and Mrs. Gordon Rancier and little son for the Easter holidays.

Peggy Lou Chevrux was home from Edmonton for a few days.

Mr. and Mrs. E. A. Kueber were Edmonton visitors on Thursday. Marilyn and Betty Kueber and Jeanne Dunham returned with them.

Mr. and Mrs. Alec Sorenson and Lorne returned from the U.S., where they spent the winter.

Bill Adams was a Camrose visitor one day last week. St. George's Women's Association

tion held a successful tea in the Co-op Hall on Easter-Saturday.

Mr. and Mrs. George Schulah of Calgary were recent visitors at the Alec Sorenson home.

Doug Stewart and Doris Reed were married in Camrose on Easter Monday.

Johnny Van Hees and Ellen Kroeth were married on Wednesday, April 16.

John Riott of Washington, and Guy Motherwell of British Columbia, were recent visitors in the district.

Marion Gibb, Ken Gibb and Doug Wilson are attending the Stock Show and Sale in Calgary this week.

Vernon Britton has quit school and is employed in the grocery department of the local Co-op Store.

Mrs. Robey Faulkner and little son Jacky arrived from Grand Prairie and are visiting with Mrs. Edwards, and Mr. Edwards, who is a patient in the local hospital.

The Ham Bingo held recently by the Legion boys was a decided success.

Gordon Forster has joined the Air Force and is spending a few days at the home of his parents before reporting for duty.

## LETTERS TO LOUISA

Dear Louisa:

I am a girl sixteen years old  
and am so mixed up. I am a senior  
and am finishing this June.

I started dating a soldier—a  
nice young man who stands well  
and my people like him a lot, and  
he is prepared to make a good  
living.

I led him on to believe I loved  
him and I accepted his diamond—  
a beautiful one—and now he  
wants me to wait a year until he  
is established in his job when he  
gets back. I want to get married  
right away after he gets back this  
June. He loves me dearly but  
sometimes I am doubtful of my  
love for him. Please tell me what  
to do but do not use my name.

C.

Answer:

You are very young and I am  
afraid you are in love with love  
rather than with any particular  
young man.

However, as you have accepted  
his ring, I think his suggestion  
that you wait a year is a very  
good one for both of you. It may  
be that when he returns, he will  
have developed into a grown up  
and you may not be as attractive  
to him, as he now thinks you are.

Certainly, getting married right  
away will not solve your problem  
if you are not sure that you love  
him. It is much better to face  
an issue such as that when you  
are engaged rather than after you  
are married. And the year of  
grace will give both of you time  
to really decide what is best for  
you to do.

LOUISA.

Dear Louisa:

My cousin and I, both of whom  
are in the late twenties, are plan-  
ning a trip to Seattle this sum-  
mer to see some relatives. A young  
man—a friend of ours—would  
like to go along and share ex-  
penses with us as he is interested  
in a young lady there. My mother  
sees nothing wrong with our going  
but she is afraid people will talk.  
So we decided to get your opinion.  
What do you think about it?

B. L.

Answer:

I see nothing wrong about it—  
in fact I think it will be a protec-  
tion for you and your cousin to  
have this young man with you on  
such a long trip.

It would be a different matter  
if only one of you girls were going  
and the man was in love with you.

LOUISA.

## Syrian Hamster May Replace Guinea Pig

ESTEVAN, Sask. (BUP).—An  
outlandish little animal from Asia  
Minor is rapidly replacing the  
Guinea pig for experiments in  
Canadian research laboratories.

The Syrian Golden Hamster is  
being bred by Mrs. M. E. Benson  
of Hillside, Sask., and the off-  
spring are sold to laboratories  
throughout the prairie provinces  
and a few points in the north-  
western United States.

Scientists say the rodent reacts  
well to serums, drugs and diets,  
and is more susceptible to many  
human diseases than the guinea  
pig.

The little foreigner is a rapid  
multiplier. The hamster produces  
a litter of eight to 12 young ones  
every seven weeks, and has a nor-  
mal life span of four years.

It is mainly a nocturnal animal,  
sleeping during the day and  
hibernating in winter. When full-  
grown, they are about six inches  
long, with a thick golden coat and  
large cheek-pouches for carrying  
grain to their winter store.

Mrs. Benson sells many of them  
as family pets. The hamster is very  
playful and intelligent—and as  
clean as a laboratory.

## A Weed To Watch For

A weed that is causing some  
concern in scattered areas of north  
central and north eastern Alberta  
is Green Foxtail. G. R. Sterling,  
Supervisor of Soil Conservation  
and Weed Control, advises that al-  
though this weed is an annual, it  
produces a large number of seeds  
and can spread rapidly unless  
identified and eradicated early.

Green Foxtail has a millet-like  
head somewhat resembling Tim-  
othy. The seed germinates late in  
the spring and comes up usually  
after the crop has been sown. The  
best germination period is between  
May 1, and July 15. Since most of  
the seeds grow the year after they  
are produced, there is no serious  
problem from delayed germination.

Early spring cultivation cannot  
be recommended for control of this  
weed, since none of its seeds will  
be growing at that time. Late seed-  
ing followed by post-seeding culti-  
vation can provide effective con-  
trol. Fertilizers can also be used  
to speed growth of the grain, and  
help crowd out the Foxtail. A useful  
control measure is to seed down to  
a mixture of grass and legumes  
which can be cut for hay before the  
Foxtail matures.

While perhaps not so serious as  
some of our better known weeds,  
Green Foxtail can become trouble-  
some, and once established it re-  
duces grain yields considerably.  
This weed should be recognized  
and eradicated on its first appear-  
ance. 2,4-D is not effective against  
Green Foxtail. In the early stages  
hand-pulling or patch cultivation  
can be used to advantage.

## \$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every  
item published on "The Most Embar-  
rassing Moment of My Life." To qualify,  
items must be true, personal incidents.  
Address "Embarrassing Moments", P.O.  
Box 4868, South Edmonton.

During a family conversation I  
remarked that a neighbor, Mr.  
X, was an enormous eater. This  
gentleman later visited us with  
a friend. When he was indoors,  
my granddaughter embarrassed me  
by saying out loud "Granny, this  
is the 'normous eater who will  
eat you out of house and home.'"  
Ellscoff, Alta. E.N.D.

One of my school mates had  
bought a new hat, and on sports  
day I saw as I thought, my friend  
walking into the cafe. I called  
"Hi, Clifford, you got a new hat,  
eh?" This guy—a total stranger—  
turned around and said, "What?"  
I don't know who was the most  
embarrassed!  
Vilna, Alta. MARY C.

At a country schoolhouse dance  
I was dancing the Jenny Linn  
Polka with a married lady, a good  
dancer. As we reeled through  
the few couples dancing and cut  
the corners I noticed her skirt  
slipping down. I stopped, she  
glanced down, and out of my arms  
and into the cloak room. Oh boy,  
if ever a fellow ever needed a  
friend!  
Wildwood, Alta. J. M.

As a grade ten student I like to  
help others. One day in school  
I went to help my friend with  
mathematics. Getting tired, I  
kneel on the floor beside him. The  
teacher looked up and said, "Mary  
are you proposing to John?"  
Greatly embarrassed, I walked  
back to my seat.

M.G.M.

Nestow, Alta.

J. W. HOSFORD, well-known farmer living in the Municipal District of Strathcona on Edmonton's outskirts, is vice-president this year of the Canadian Dairymen's Association. Mr. and Mrs. Hosford are shown above with their family on the occasion of receiving the Master Farm family award last fall.

## Urges Church Members Put Zeal Into Religion

CALGARY—If Protestants put the same zeal into their religious beliefs as did Jehovah's Witnesses they would move the world.

Speaking to a large congregation in Central United Church Sunday evening, Rev. G. B. Switzer said it was inconceivable that members of the religious group were not entirely sincere in their beliefs.

But in their enthusiasm for Armageddon, the coming of the end of the world, they had not paid much attention to improving existing conditions in the world, the minister stated.

He outlined the history of the movement, what the beliefs were and what the movement taught.

The tremendous mass of Witness publications, he said, were printed at Bethel House, a seven-storey building in New York City, where the devout workers received

\$10 a month plus their keep. They were, he said, quite content to work for this wage.

Their purpose was to get the truth to the people. The latest date they offered for the Armageddon was 1972.

Those in the United Church did not believe the group's interpretation of the Bible was sound, accurate or scientific, Dr. Switzer said, "but they must believe it, or they would not make such sacrifices as they do," he stated.

As members of a democracy the group was entitled to speak its mind, and this right should be denied no one, provided it did not interfere with his fellowmen.

## Small World Department

OXNARD, Calif. — Prespective papas Frank J. Laubaucher of Oxnard and William R. Williams of Camarillo were pacing the corridor at St. John's hospital here.

"Your face looks familiar," Williams said. Laubaucher gave him a long, close look.

"You were here on the night of Dec. 2, 1950?" he asked. Williams said he was.

The Laubaucher child, Michael, and the Williams child Susan Elaine were both born on that date.

Shortly after the second meeting of the fathers, another Laubaucher baby, Jean, and another Williams baby, Joan Elizabeth, were born. The wives, Marjorie Laubaucher and Ladina Williams, had their babies within five minutes of each other just after noon.

Since 1945 total non-defence governmental expenditures in Canada—this embraces federal, municipal and provincial governments—have increased about \$1,000,000,000 annually.

## GOVERNMENT ASSISTANCE TO MUNICIPALITIES IS \$26,500,000

The Provincial Government has announced that during the 1952-53 fiscal year it will pay in direct assistance to municipalities the sum of \$26,500,000. Following is a summary of how this amount will be paid:

<b>EDUCATION:</b>	
School grants .....	\$ 9,870,000
Grants to Teachers' Retirement Fund .....	565,000
Capital construction grants under the School Assistance Act .....	2,000,000
	<b>\$12,435,000.</b>
<b>PUBLIC HEALTH:</b>	
Grants for Hospitalization .....	\$ 2,606,000
Hospital Construction Grants .....	500,000
Grants for Health Services .....	58,000
	<b>\$ 3,164,000</b>
<b>LANDS AND FORESTS DEPT.:</b>	
Increased refunds to Municipalities from grazing leases collected .....	\$ 200,000
<b>HIGHWAYS:</b>	
Grants for roads in Municipal and Improvement Districts .....	\$ 3,880,000
Grants for Bridges .....	800,000
	<b>\$ 4,680,000</b>
<b>TREASURY DEPT.:</b>	
Grants to Municipalities in lieu of taxation on certain Government Buildings .....	\$ 30,000
Grants under the Municipal Assistance Act .....	5,991,000
	<b>\$ 6,021,000</b>
	<b>\$26,500,000</b>

In addition to this direct financial assistance, provision is made for expenditures totalling \$2,587,000 to defray the cost of various public welfare services previously the responsibility of local taxpayers but now assumed in whole or in part by the Provincial Government.

These combined appropriations total \$29,087,000, an increase of \$3,396,000 over last year and represent approximately 40 per cent of the total estimated provincial expenditures on Income Account for the ensuing year.

## MISSING: ODOR OF SOUR TURNIPS FROM TOWN'S WATER SUPPLY

EDMONTON, Alta. — (BUP) — Residents of Alberta's northern High Prairie district no longer taste turnips with everything they eat, thanks to an engineering project of the provincial government.

The Water Resources department announced the completion of an 1,800-foot dam on the Heart River, four miles east of the eastern tip of shallow Lake Wainagami, from where an "odor of corrupting turnips" had floated over the district for years.

The odor came from the troublesome backwash of the West Prairie River, emptying into the Heart at the point where the dam was built. Dead fish and rotting vegetation littered the area from the junction of the two rivers to where trickles of water flowed into the almost bone-dry lake.

But the dam diverted the backed-up water through a mile and a half natural creek and a canal into the lake, from where it flowed through a two-mile outlet canal and finally back to the Heart River.

Reg Bailey, engineer in charge of the project, said that already the level of the lake was four feet higher than its customary mark, and the water was suitable for drinking for the first time.

Bailey reported that residents had refused to leave the district, despite the odor and also periodic floods caused by the unruly rivers. However, now that the

diversion was completed, they had no reason to abandon their stubbornly held homes.

There were other benefits, too. The lake provides a feeding ground for ducks, much to the pleasure of Ducks Unlimited, which contributed \$20,000 to the project.

Bailey said the dam has water power possibilities, since there is a 75-foot drop between the level of the Heart River and the lake.

The nearby town of McLennan, once in a bad way for water, now could easily pipe a fresh supply from lake. Townfolk were already considering the erection of a resort center on the 20-mile lake.

Bailey said the diversion was part of a long-term engineering plan to control all the unruly rivers of the High Prairie district.

## Beautiful Baby

LATEST in our series of Beautiful Babies is lovely Lillian Delores, infant daughter of Mr. and Mrs. Stanley Brodie. The sweetheart of the Brodie family lives with her parents at Vilna, Alta.

He said he would now turn his attention to flood control on the West Prairie River. About 72 square miles of farmland near the town of High Prairie have been flooded nearly every spring, he said.

The problem of these floods has been under investigation since 1911, he added, but no complete answer has yet been devised.

A half billion dollars is currently being spent to double Canada's production of aluminum.

## Emergency Blood Donor Clinic

BEISEKER—Beiseker has been asked, on very short notice, to hold a blood donor clinic. The Medicine Hat Clinic has had to be cancelled, owing to the flood conditions there. The Red Cross there are engaged in flood relief work. However, obligations to supply blood to Alberta hospitals are continuous; therefore the Red Cross is grateful to Mrs. Ken Wright and her willing helpers for responding to this appeal, and organizing an emergency

clinic, to be held at Beiseker April 17, 1:30 to 3:30.

One hundred and twenty-five donors are needed badly if obligations are to be fulfilled. The first three months of this year show that more blood has been used in this period in this province than ever before. This increased demand has put a severe

strain on the limited resources. To cope with this situation, a larger donor attendance than ever is needed. The Red Cross appeals to the communities and organizations adjacent to Beiseker for their help.

It is impossible for the blood donor clinic to visit as many places as it would like to. Your

help in arranging a group to attend the Beiseker clinic would be a very real contribution to this you or your family need it.

## LEVEL LAND NEWS BRIEFS

Mary Leiske of Calgary was visiting over the weekend in this district with Jackie and Rodney, and the Leiskes.

Doreen and Ruth Welke of Leduc were visiting with their sister, Mrs. Glenn Treibwasser, and friends for a few days.

Mrs. Ruth Sell and Adele Dalhke, both of Calgary, visited in the district with friends over the long week-end.

Mr. and Mrs. Leon Tschritter are back after spending the winter months in the U.S.A.

Pastor L. L. Bock was the guest speaker in the S.D.A. church April 12. The vocal solo, "Bless This House", rendered by Mrs. Bock, was much appreciated by the members present. The Bocks are from Edmonton.

Albert Huether, Ed Kindopp, Glenn Treibwasser, Jacob Gimbel, Jacob Hoff, Sam Leiske, John Leiske, of this district, attended the meeting of the Rosebud Cleaning Plant on April 9.

## NOTICE

On account of H. & S. A. regular meeting date (Monday 14th) being Easter Monday, our regular meeting will be held on Thursday, April 17th at 8 p.m. in the school auditorium. A nominating committee will be named at this meeting, this committee to select slate of officers for the 1952-53 term.

It's designed to  
OUT-GO, OUT-RIDE, OUT-LOOK AND OUT-LAST EVERY OTHER LOW-PRICED CAR!

IT'S **BIG**

White sidewall tires optional at extra cost.

IT'S Beautiful  
IT'S **COMPLETELY NEW!**

See it in the showroom—compare it on the street... the Big '52 Ford that's completely new! It's the biggest Ford ever built—inside and outside—with longer wheelbase and wider front tread. It's the most beautiful Ford by far with all-new design Coachcraft Bodies and new Hull-Tight Construction that seals out dust and noise—with new one-piece Curva-Lite Safety-Vue Windshield. It's the most powerful Ford ever built with the new High-Compression Strato-Star 110-Hp. V-8 engine—designed and built by the world's largest manufacturer of V-8 engines—more than all the other makers of V-8's combined!

See it... Compare it... Test-Drive it—for size—for beauty—for performance. You'll find the completely new '52 Ford is designed to out-go, out-ride, out-look and out-last every other low-priced car! You'll want it for keeps.

## BIGGEST CHOICE OF DRIVES

Fordomatic—Overdrive—Conventional

For '52, Ford offers your choice of three great drives—Fordomatic, finest on the road, or Overdrive for greater economy, both at extra cost, or smooth, "Synchro-Silent" Shift as standard.
